THE MINISTER OF STATE IN THE MINISTRY OF LABOUR (SHRI P A.
SANGMA): (a) to (e) The role of employment exchanges in the matter of placement is limited only to making submissions against notified vacancies by various employers. With the setting up of various Recruiting Agencies such as Staff Selection Commission. Banking Recruitment Boards, etc. the number of vacancies notified to employment exchanges have considerably reduced over the passage of time.

It is a fact that only about 0.33 percent of the persons registered with the employment exchanges could be placed in jobs during the period January to June, 1992. However, the utility of the employment exchanges is not to be viewed merely on the basis of their role in the matter of placement as they also attend to other activities such as vocational guidance and employment counsell to job-seekers and collection and dissemination of employment market information data.

There is no proposal under consideration of the Government to abolish employment exchanges.
